

Hola Dallas LAAIA Members!

We have had a successful month! On March 19th, our chapter partnered with the Paul Davis Restoration Group to host and continuing education class at the offices of Burns and Wilcox Arlington Texas offices.

The class covered the pitfalls and successful ways to prevent and protect against catastrophic losses.

We are extremely grateful to our new partnership with The Paul Davis Restoration Group. We look forward to hosting many more events such as this in the future. We would also like to thank Burns and Wilcox for their continued support for generously allowing us to use their facilities.

Our yearly schedule has been released and we have some exciting events on the calendar. They include a market fair to introduce companies to agents and a pickleball tournament as well as our traditional Halloween networking party.

The Dallas chapter is poised to grow tremendously this year. We have an influx of new members chomping at the bit to grow this thing of ours!

Please reach out to us if you want to be a part of the DFW's fastest-growing insurance association catering to the Hispanic/Latino insurance professional.

All the best,

Mark Villasana
